SPONSORSHIP OPPORTUNITIES

About our event

Forty-five Years of Tenant Participation
20-22 June

TPAS Scotland's annual conference is the country's key tenant participation and engagement event. Our conference is attended by hundreds of social housing professionals and tenants who come together to discuss current issues, share best practice and network.

The conference takes place over three days and also includes our annual awards - the National Good Practice Awards - which celebrate outstanding achievements in tenant participation

As a not-for-profit social enterprise, any surplus from the conference is invested back into our organisation, helping to create more events for our members and their tenants.

Sponsoring the conference or awards allows you to promote your organisation directly to our delegates and winners as well as make new connections.
